DECATUR, ILLINOIS:
Tuesday Evening, Sept. 1.

REPUBLICAN STATE TICKET.

For State Treasurer,
THOMAS S. RIDGWAY,
OF Gallatin.
For Superintendent of Public Instruction,
WILLIAM B. POWELL,
OF Kane.
For Congress, 11th District,
JOSEPH G. CANNON,
OF Douglas.

VERMONT holds her State election to-day. Besides the State officers, three Congressmen and a State Legislature are to be chosen. The last will elect a successor to Senator Edmunds.

The Democracy of the Eighteenth District of this State have illustrated their hatred of salary-grab by re-nominating S. S. Marshall, one of the two salary-grabbing Representatives (both being Democrats) from Illinois in the present Congress.

THE REV. J. P. DIMMITT, who was put in nomination by the Independent Reform party for Congress in the Eleventh District, of this State, a few days ago, has addressed a communication to the President of the Convention, declining the nomination.

The Republicans of the Eighteenth District in this State have nominated the Hon. Green B. Raum for Congress in opposition to S. S. Marshall, Democrat, and W. B. Anderson, Independent-Reform-Democrat. Raum was twice elected to Congress from the old Thirtieth District, and his election against two opposition candidates is highly probable.

REPUBLICAN PROSPECTS.—The Hon. T. S. Ridgway, Republican candidate for State Treasurer of Illinois, is in Chicago. He has traveled over the whole southern portion of the State, and gives flattering reports of probable Republican successes in that quarter. Advice from every part of the State convinces him that the Republican majority in Illinois this fall will be but little, if any decreased.

THE ST. LOUIS BRIDGE COMPANY has contracted with the Union railway and Transit company for the transportation of all freights, and for the furnishing of all engines, side tracks, connections, and switchings. For freight schedule of rates is as follows: For freight and passenger cars, hauled as freight, \$5 per car, for new locomotives hauled as freight, twenty dollars; for passengers, ten cents each; for express goods in baggage or express car five cents per one hundred pounds.

THE OHIO CONSTITUTION.—The official canvass of the vote cast in Ohio at the recent election on the new Constitution and on certain clauses submitted separately, has just been made public. It shows the enormous majority of one hundred and forty-seven thousand two hundred and eighty-four against the constitution. The immense length of the proposed instrument, and the minuteness of its regulations on almost every imaginable subject, are assigned as reasons for this very emphatic rejection, and they seem to be sufficient.

The separate clauses submitted were also rejected; the license system by seven thousand two hundred and eighty-six, minority representation by one hundred and eighty-five thousand eight hundred, and railroad aid by two hundred and forty-two. The rejection of the constitution of course carried down the separate clauses at any rate, but the voters made assurance doubly sure as to them.

THE REPUBLICANS OF Alabama, composed mostly of colored men, have satisfied the civil rights matter to their own satisfaction, and that even of Pomeroy, who advises the republicans in all the other southern states to go and do likewise. The convention, at its recent session declared that while they upheld the civil and political equality of all men, the practical application of these principles, they do not expect or desire.

NEW YORK, Aug. 31.—Cubans here have information that shortly before the battle of Iquira, a Spanish captain of regulars left the city, taking with him two companies of volunteers, mostly natives, and passed over to the Cuban army. When the Cuban troops were approaching the city the whole regular Spanish force was ordered out to oppose their advance. An ambulance was laid by the Cubans into which the Spanish column, which is stated to have numbered 2,000 men, fell, and were either cut to pieces or found safety in flight. The Cuban army captured a quantity of arms in Santa Espritine, and increased its own numbers by enlisting 500 well armed men.

THE MISSOURI, KANSAS AND TEXAS railway are transporting coal for the Osage coal company from McAllister to various towns and cities in Texas. There are now arrangements being consummated by which the city of Galveston will be supplied with coal by this company.

HON. J. G. CANNON.

From the Tuscola Journal, Aug. 29.
The gentleman whose name heads this article has again been made the standard bearer of the Republican party in this Congressional district. He was re-nominated by acclamation on Tuesday last.

Mr. Cannon is now thirty-eight years old. At the age of fourteen his father, a resident of Parke county Ind., died, when he was thrown upon his own resources, having, also, to assist in the support of his widowed mother. He performed farm labor until he was sixteen, and from that time until he was twenty, acted as clerk in a country store, having, in this time, the advantages of a school for six months. Such education as he had at the age of twenty had been picked up by night study, from such books as he had access to. In the meantime he had saved a sufficient amount of money to support him for two years, while reading law in the office of Hon. John P. Usher, of Terre Haute, Indiana.

In the spring of 1859 he came to Tuscola, literally without money, and commenced the practice of law. He continued in the practice until elected to Congress two years ago. Mr. Cannon was a close student, and by industry and attention to business, made himself an able lawyer, and built up a practice perhaps second to none in eastern Illinois. In the meantime he was elected State's Attorney and served, acceptably, eight years in that capacity.

In the fall of 1872 he was elected as a member of Congress from this district, by a majority of 3,800, and took his seat on the first of last December. As is the fate of new members he was placed upon a second class committee—that of Post Offices and Post Roads, and at once set to work to master the provisions of the postal code and make himself familiar with the machinery of the department. He soon became one of the most important members of the committee, and authority both to the committee and the House, as to business that came before the committee, being instrumental in maturing and securing the passage of amendments, which broke up a system of straw bidding for mail contracts, by which, under defective laws, the government was wronged out of millions of dollars without power in the department to prevent it.

He was also instrumental in defeating an extension of a subsidy to the Pacific Mail Steamship Company, of \$5,000,000 for the establishment of a semi-monthly line of steamers from San Francisco to Peking, China, the Company having forfeited the same by a failure to comply with the terms of the law under which it was granted, in completing certain steamships within the time required by law, and the propriety of which extension was referred to the committee of which Mr. Cannon was a member. He also originated, introduced and secured the passage of an act providing for the pre-payment of postage on newspapers, by which, with a reduction of postage of nearly one half, prepayment of the same at the office of mailing, the revenues of the department are collected and increased at least \$1,500,000 per annum. The same law provides for the free circulation of newspapers in the counties where published, and contains an amendment by which packages of merchandise, not exceeding four pounds, can pass through the mails at the rate of eight cents per pound.

Mr. Cannon advocated the bill providing for the regulation of Interstate Commerce, known as the McCarty Bill, and contributed in no small degree to secure its passage in the House. He also advocated and voted for the bill, and every amendment of the same, looking to the repeal of the law increasing salaries, passed by the forty-second Congress.

He was always in attendance upon his public duties, and in the meantime gave prompt attention to the business of his constituents in the departments. In fact we may well assert that few new members made so much reputation in the House and throughout the country as did Mr. Cannon, and without detracting from the ability of others, we can truly say that he is the most prompt and effective member that the people of this district ever had in Congress.

A convention of three card monte dealers has been called, to meet at Omaha on the 15th of September, to take measures to protect themselves and their industry against the aggressions of the odious railroad monopolies. Canada Bill will preside, and a large attendance is expected. The noses of Omaha will receive a fresh coat of paint for the occasion.

There is no name for it in Morris county, Kansas, if it be true, as the local papers assert, that "the suffering catfish lies stranded on the blistering bottom of its late happy home, waving its tail in the crisp breezes as a signal of distress."

NEW YORK, Aug. 31.—Cubans here have information that shortly before the battle of Iquira, a Spanish captain of regulars left the city, taking with him two companies of volunteers, mostly natives, and passed over to the Cuban army. When the Cuban troops were approaching the city the whole regular Spanish force was ordered out to oppose their advance. An ambulance was laid by the Cubans into which the Spanish column, which is stated to have numbered 2,000 men, fell, and were either cut to pieces or found safety in flight. The Cuban army captured a quantity of arms in Santa Espritine, and increased its own numbers by enlisting 500 well armed men.

THE MISSOURI, KANSAS AND TEXAS railway are transporting coal for the Osage coal company from McAllister to various towns and cities in Texas. There are now arrangements being consummated by which the city of Galveston will be supplied with coal by this company.

DEATH BLOW TO THE FREE LOVE MOVEMENT.

The Bocher scandal has fulfilled one of its missions: It has rent the abominable Free Love movement into fragments and scattered it to the winds. A bolt from heaven could not have done the work more thoroughly. This is all the more grateful from the fact that it has seemed hitherto impossible to compass its destruction. It has grown and flourished like a fungus upon Spiritualism and the Woman Suffrage movement, and its damp, unwholesome growth has been favored by their shade. If it should eventuate that either of these movements is also suffer, it is a penalty which long ago might have been foreseen. The blow came none too soon. Free Love had made rapid strides. From small and dark beginnings it sprang with astonishing rapidity. The protest against it was so feeble that it soon boldly courted publicity. Brazen women, advocated it, upon the public platform, and equally brazen men publicly announced their right and intention to practice its teachings, and they did so without let or hindrance from the law. Newspapers were started expressly to advocate it, and had unrestricted circulation, so that they scattered the poison far and near. The Mansfield, and Woodhull, and Claflin were types of a considerable class who had been tolerated so long that they soon determined to override society, force their practices upon people, and make Free Love respectable by securing indorsement and recognition of it in high quarters. To this end, Victoria Woodhull and her clique worked upon Bocher and Tilton with the inducements of certain damaging revelations which they threatened to make. They have failed utterly and miserably, and the explosion which has followed their mining operations caught them with the other victims, and has shivered their movement to atoms.—Chicago Tribune.

KING LOUIS, of Bavaria, is in treaty, it is said, with the royal family of Prussia for the hand of the daughter of Prince Frederick Karl, grand niece of the German emperor. Speed his wooing, say we. A little Caudle talk in the (otherwise) quiet of the midnight will be quite beneficial to the whimsical potentate. His princely follies have for years furnished food for European laughter. One of his mad freaks is well remembered. Enamored of Wagner's music, as we all know, he conceived the startling idea of constructing a lake on the roof of the royal palace whereon, like Lohegrin, he might sail in a boat drawn by swans. The royal architect gave it as his opinion that the thing couldn't be done, but out came the potential must of the prince and it was done. The work was not to the satisfaction of the erratic ruler; the color of the water was not pleasant as he would have it—not sufficiently blue. It was removed to give an opportunity of painting the sides and bottom of the tank so that an azure hue might be reflected, but the plan was a failure. Then into the bosom of the lake was poured an infusion of indigo which had the effect of not only rendering the water deeply, darkly, beautifully blue, but of also dyeing the swans in the same color. Dissatisfied with this result he abandoned altogether these colored notions, accepting the water as Americans accept the darkey, without regard to color or previous condition. Marriage to a man so minded will be a blessing, for in ministering unto all the petty whims of his mistress he will have no time to gratify his own.

PERSONAL GOSSIP.

Mr. Hiram Boyer, the efficient salesman in Straley's grocery, left the city yesterday at noon on a visit to Harrisburg, Penn., his former home.

Mr. I. E. Brown, the new principal of the city high school, called at the REPUBLICAN office this morning, in company with Prof. Gastman.

We are glad to know that I. R. Martin, the landscape artist, is again in our city, and will be on hand at the fair grounds to take views of the grounds for the Agricultural Society.

John B. Carey, Esq., of Maroa, called to see us this morning. He left on the noon train for Kaunas. He goes for the purpose of purchasing lands right in the midst of the grasshopper infested regions of that State. He has also kindly consented to purchase a farm for Doctor L. N. Coltrin, who will hereafter devote his time wholly to scientific agriculture. His farm will be called the "Grasshopper Ranch."

At the St. Nicholas Hotel the following persons are registered: K. N. Spofford, Chicago; A. H. Loose, Illinois; J. W. Gamble, Sandusky, Ohio; G. T. Parker, Chicago; B. Scarlett, Monacaue; N. Failing, Macon; Jacob Crow, Willow Branch; Miss Estelle Bowling, Bloomington; L. P. Gore, Springfield; J. A. Pige, Mt. Pleasant; Eli Uery, Macon; W. H. O'Brien, St. Louis; S. P. McKelvey, Meldon, Ind.; H. Shreps, Tuscola; L. Leach, Whitney, Ill.; J. A. McLean, Dalton City; H. S. Stow, St. Louis; T. G. Woodmanney, Cincinnati; G. W. Gosper, Memphis; Chas. H. Wellock, Springfield; Chas. Wilson, do; Geo. M. Hill, Harrisburg; C. C. Y. Linder and S. Linn Beidler, Mt. Pleasant; Geo. Gross, Danville; W. A. Johnson, Cincinnati.

CHICAGO, Aug. 31.—Carl Peters was found in the woods near Blue Island, yesterday, with the entire top of his head blown off. The deceased was a laborer on the Chicago and Southern railroad, and six of his co-laborers have been arrested on suspicion of being concerned in the matter, though the probabilities are that he committed suicide.

THE WAR OF RACES.

OTHER ITEMS OF INTEREST.

SHREVEPORT, August 31.—The air is full of rumors concerning the Coshatta troubles, but none of the them can be traced to reliable sources.

A gentleman who left Coshatta yesterday morning reports all quiet, and citizens discussing the propriety of removing the prisoners to Shreveport. It is reported today that the prisoners were intercepted near Mansfield by a party of Texans and hung, but the driver of the Mansfield stage, which has just arrived, pronounces the report entirely unfounded, and the Times has just received the following from Mansfield:

A gentleman just up from the Red River says that the company of men who started to Shreveport with the Coshatta prisoners were overtaken 23 miles below Shreveport, Sunday evening about 3 o'clock by forty or fifty armed men; supposed to be Texans, from beyond the Sabine, who took the prisoners out of the hands of the guard, and killed Homer Twitwell, Bob Dewers and Frank Egerton on the spot. The other three, Howell, Holland and Welles, escaped, but were recaptured and are supposed to have shared the same fate.

The prisoners requested to be taken to Shreveport, and selected the men to take charge of the company that was to guard them. Every precaution taken was believed necessary to insure their safety.

The citizens were satisfied with the assurances that they would leave the State, and did not desire to take harsh measures. The Texas swore they did not intend to have such damned scoundrels hunting homes in their State. The gentleman from whom we gather this information says he saw the dead bodies of the three first mentioned parties. This dispatch is not generally credited here, as various parties have arrived to-day, from Mansfield, Keochi and Kingston, who must have passed near the scene of the murders this morning, and they bring no information on the subject. Strong hopes are entertained that this report, like the earlier ones, may prove untrue.

NEW YORK, August 31.—Rev. John S. Glendinning, of Prospect Presbyterian Church, Jersey City, was in court to-day on the suit of the Poormaster to compel him to maintain a child of the late Miss Pomeroy. The counsel for the prosecution endeavored to have the statement of Miss Pomeroy, made just before her death, admitted as evidence, and failing in that, withdrew the complaint. Glendinning is to be prosecuted again on charges of seduction and breach of promise.

NEW BEDFORD, MASS., Aug. 31.—President Grant and party arrived here in a special steamer from Vineyard Grove this morning. As the boat came up the harbor salutes were fired from the forts by the yacht North Star and by the light artillery. The party were received by the city officials and escorted by the military and the Grand Army of the Republic to the hotel. Thence they drove through several of the streets to the City Hall, which was handsomely decorated. Mayor Richmond introduced the President in a brief speech of welcome.

The President responded, expressing his thanks more briefly still. About two thousand people then shook hands with the President, after which the party took dinner at their hotel, and this afternoon left on a special train for Newport.

CHICAGO, Aug. 31.—Gen. Custar reports to Lieut. Gen. Sheridan the return to-day to Fort Lincoln of the Black Hills expedition, and says: "Our route from Bear Butte was by way of the Little Missouri river, until the headwaters of Hart river were reached, when we moved almost due east to this point. We explored and located that portion of the Little Missouri hitherto unknown. We have marched about 1,000 miles, and my command, with replenished supplies, is in good condition to take the field to-morrow."

LOUISVILLE, Aug. 31.—A special dispatch to the Courier-Journal says: A number of men who went from Sanford, for the purpose of suppressing the troubles at Lancaster, have been indicted by the Grand County grand jury last week, and will appear to-morrow to answer.

How to Get Stamina.—Iron frames and strong nervous systems are not the lot of all. But the feeble need not despair. By adopting the right means they may live longer and enjoy life as much as their more robust neighbors. Physical invigoration is, however, necessary to this end, and while the spirituous tonics and nervines habitually administered, eventually depress both body and mind, Dr. J. WALKER'S CALIFORNIA VINEGAR BITTERS invariably supply new vigor to the frame, while they regulate every disordered function.

The Question Answered.—How Linen Stripes employ so many salesmen and sell goods cheap. They keep the largest stock of goods in Decatur. They sell more goods than any other Dry Goods House in the United States, according to population, and their expenses are less in proportion to sales. Besides they are thus enabled to buy most of their goods of first hands and by the Case and Package, which gives them great advantage over small dealers.

For the benefit of health and pleasure to those who are wishing to "Go West," the Old Reliable "Grand and St. Joseph" Short Line have placed on sale round trip tickets from Quincy to Denver and return, good for three months from date of issue, at greatly reduced prices.

This popular Route is acknowledged by all to be the best equipped and best managed road west of the Mississippi River—running the finest Parlor Cars in the world all day, express trains, and Pullman's Palace Drawing Room Sleeping Cars on all night trains. All express trains are equipped with the Westinghouse Patent Air Brake and Miller Patent Safety Platform and Coupler. The track is in the best possible condition, a large portion of it having recently been re-laid with STEEL RAILS. Iron and stone bridges have taken the place of wood, and all other improvements conducive to the safety and comfort of its patrons have been adopted.

TRUSTEE'S SALE.

WHEREAS: Charles W. Aikin, of Macon county, Illinois, on the 24th day of January, A. D. 1874, conveyed to the undersigned as Trustee, a deed of trust certain real estate hereinafter described, which deed of trust is recorded in the recorder's office of Macon county, Illinois, in book 51, page 382, and was made to secure the payment of one promissory note of said Charles W. Aikin bearing date as said deed of trust, payable to the order of James D. Tall, administrator of the estate of Benjamin P. Hays, deceased, for the sum of fifty-five dollars, payable six months after date, bearing interest at six per cent, per annum, being for part of the purchase price of said real estate.

And whereas, it is provided in said deed of trust that if said Charles W. Aikin should fail to pay said note and the interest thereon as said principal and interest shall respectively become due, and on default of the legal holder thereof, the undersigned Trustee should thereupon at once proceed to sell the property therein described, either without sub-division, or in parcels, at public auction, to the highest bidder, for cash, at the front door of the court house in the city of Decatur, in the county of Macon and State of Illinois, first giving public notice of the time and place, and terms of said sale, and of the property to be sold, by advertisement in some public newspaper published in said county, for the purpose of giving notice to the purchaser, or purchasers, of said premises, deed, or deeds, of conveyance thereof in fee simple.

And whereas, Default having been made in the payment of said promissory note and of the interest thereon, and said James D. Tall, administrator of the estate of Benjamin P. Hays, deceased, being the legal holder of said note, having made application to the undersigned Trustee and requested the advertisement and sale of said premises under and by virtue of the power and authority contained in said deed of trust, public notice is, therefore, hereby given, that on

Saturday, the 31 day of October, A. D. 1874, at 10 o'clock A. M., at the front door of the court house in the city of Decatur, county of Macon and State of Illinois, being the west door of the present court house, I, the undersigned Trustee, shall, and by virtue of the power conferred upon me by said deed of trust, do and cause to be sold, for cash, at the highest and best bidder, for cash, the following described real estate, situate in the county of Macon and State of Illinois, to-wit:

The northeast quarter of the southeast corner of the northwest quarter of section No. four (4), in township No. sixteen (16) north, range No. two (2) east of the third principal meridian, and a homestead eight and equity of redemption of said Charles W. Aikin, together, as by said deed of trust is provided.
